Mental Health Services

Mental health is an important aspect of overall health. Having good mental health is important because it helps you build self-esteem, create positive relationships with other people, handle emotions and events, manage stress effectively and achieve balance in your life overall. For mental health crises, see page 3 for more information.

Community Care Access Centre (CCAC)

Community Care Access Centres coordinate services for seniors, people with disabilities and people who need health care services to help them live independently in the community. Staff provide information and coordinate professional, personal support and homemaking services for people living in their own homes, and for school children with special needs. CCACs also determine eligibility and make arrangements for admission to some day programs, supportive housing/assisted living programs, and to certain chronic care and rehabilitation beds, and to all long-term care facilities.

Bereavement supports are often available through your church or place of worship, family counselling organizations, aboriginal centres, and more. Call 2-1-1 to find supports in your community.

Respite Care

Respite programs provide a brief period of relief or rest for family members, guardians or other regular caregivers for dependent adults or children by offering temporary care in the home or in community settings. Respite Services are offered by a variety of agencies including non-profit organizations, charities and for-profit businesses. Most respite services are provided on a fee for service basis. Call and ask about applications, services, eligibility and fees.
The programs listed below are provided by community based non-profit agencies or registered charities.

Employment Ontario Employment Services
Contact an Employment Services staff person to find out more on Apprenticeships. See pages 32-33 to find an Employment Servcies location near you.

Private Schools

Private and Montessori schools do not receive government funding and parents have to pay a fee for their child to attend. Visit the Ontario Ministry of Education website at www.edu.gov.on.ca for information about private schools in Ontario.

Special Education

Students learn in different ways and at different paces. Taking time to understand your child's learning needs, and having appropriate supports in place will help your child succeed in their learning goals. Speak with your child's teacher or school principal if you think your child could use additional help and access various resources to help them.

Staffing & Temporary Agencies

Some people find work through a staffing agency - also called placement agency, or temporary/temp agency. These private agencies find people jobs with an employer, usually for a short period of time. The employers pay the temporary agency, and the agency is responsible to hire and pay the workers. Please note that the agency cannot ask you to pay for their services, and they MUST tell you about the job they are sending you to - including the company name and address, wages, hours of work, working conditions, length or time, etc. Do some research to see if the agency has a good reputation in your area.

Volunteering

Child Care Fee Subsidy

Financial assistance to pay for child care fees is available to eligible families within Simcoe County. Eligibility for child care fee assistance (subsidy) is based on family income. Parents interested in applying for child care fee assistance should have their child care arrangement in place prior to scheduling an appointment for assessment of eligibility.

Contact the County of Simcoe to learn more about Child Care Fee Subsidy in Simcoe County by calling 705-722-3132 or by visiting the website www.simcoe.ca/dpt/ss/ccs

You may qualify for a child care fee subsidy to help you pay for licensed child care. Your municipal child care service or First Nations band administrator can provide you with more information. Visit www.ontario.ca/childcare and click on "Find financial support."

Programs and Resources for Parents and Young Children (0-6 yrs)

The Community Action Program for Children (CAPC) is a children's program delivered by the Public Health Agency of Canada. CAPC programs are offered at many agencies that develop programs to promote the healthy development of young children (0-6 yrs) and to provide resources for pregnant and young parents under age 25. CAPC programs include Mothercare, Young Parent Resource Room, Young Parent Supper Club, Parenting Programs, Early Learning Programs and Integration to Canadian Society Programs for Newcomers. Call the location nearest you to find out more about the available programs and locations.

Community Transportation Programs

These programs provide door-to-door transportation for medical appointments, shopping, banking, social events, and other similar activities for older adults and people who need special accommodations and do not have any other transportation. Some, but not all organizations can provide wheelchair accessible transportation.

These various organizations provide services on a fee for service basis. Call and ask about applications, services, eligibility and fees. The programs listed below are provided by community based volunteer non-profit agencies or registered charities.

Wheelchair Accessible Transportation Only
